mnabilcf14@gmail.com | +6285803067018 | Magelang, Indonesia | <https://nabil-portofolio-react.vercel.app>

A highly motivated Software Engineering graduate from Vocational High School with internship experience as a Quality Assurance and Web Developer at a Human Resources company. Proficient in manual testing, front-end, and back-end web development. A quick and diligent learner, adept at working both independently and collaboratively within a team. Holds a Junior Programmer Occupational Certification Scheme (Junior Coder) certificate and is eager to contribute and grow within the IT industry.

## INTERNSHIP EXPERIENCE

---

### **Web Developer & Quality Assurance, PT Tiga Lintang Suminar** December 2024 – April 2025

- ✓ Contributed to the development of web and mobile applications as a Web Developer and QA Intern across multiple projects.
- ✓ Collaborated with the team using Git, documented technical specifications, and performed manual testing to ensure application quality.
- ✓ Inventory Web & App (Back-end Developer & QA): Developed back-end logic and conducted API testing for an inventory system using Laravel.
- ✓ Event Planner Website (Front-end Developer): Designed a responsive and user-friendly event planner website interface using HTML, Tailwind CSS, and JavaScript.
- ✓ Travel Website (Front-end Developer): Designed a travel website interface featuring destination listings, booking functionalities, and user testimonials.
- ✓ E-Commerce Website (Back-end Developer): Integrated Midtrans payment system and automated shipping cost calculation using RajaOngkir API to support efficient and real-time checkout processes.

## EDUCATION

---

### **Vocational High School 2 Magelang** August 2022 – May 2025
